Dongdong Tian

Ph.D. Candidate in Geophysics

Laboratory of Seismology and Physics of Earth's Interior University of Science and Technology of China

- Attp://home.ustc.edu.cn/~dongzhi/ seisman

Education

2012 – present **▶ Ph.D. Candidate** in Geophysics,

University of Science and Technology of China, Hefei, China.

2008 - 2012 **B.S.** in Geophysics,

University of Science and Technology of China, Hefei, China.

Thesis title: Simulating Seismic Wave Propagation in 3D Heterogeneous

Isotropic Media Using Staggered-Grid Finite Differences

Advisor: Prof. Lianxing Wen

Research Interests

- Structure of the Earth's Deep Interior
- Microseismic Sources
- Seismic Interferometry
- Numerical Simulation of Wave Propagation
- Seismic Characteristics of Nuclear tests

Professional Societies and Activities

- 2012 − present Member of the American Geophysical Union (AGU).
- 2016 present ☐ Technical support for China Geophysical Reference Model.
- 2016 − present Maintainer of pssac module since GMT 5.3.
- 2017 − present Peer-reviewer of scientific journals: Geophysical Research Letters (1)
